The background features a dark blue gradient with a subtle pattern of white dots. On the left side, there are several overlapping circular elements. A prominent one is a large circle with a scale around its perimeter, marked with numbers from 140 to 260 in increments of 10. Other circles are partially visible, some with dashed lines and arrows, suggesting a technical or data-related theme.

Overview/Duties

The overall purpose of the Juvenile Justice and Cross-System Youth Task Force is to serve as a focused, accountable structure to promote interagency communication and collaboration to improve prevention, outcomes and address the unique and complex needs of Juvenile Justice and/or cross-system involved youth. The Task Force is responsible for implementation of objectives identified in the CISC's Strategic Plan.

JJ & CS Task Force Prioritized Objectives

2.2 Support the enhancement of services across the spectrum (in-home and residential)

2.5 Study and evaluate whether “status offenders” should be removed from Delinquency code and moved to CHINS code (in collaboration with Child Safety & Services Task Force)

JJ & CS Task Force Prioritized Objectives

2.6 Support development and/or funding for innovative and effective youth programming through expansion and increased funding of the Justice Reinvestment Advisory Council and other funding sources

2.7 Support the on-going efforts of the Commercially Sexual Exploitation of Children (CSEC) workgroup in addressing the identification of exploited juveniles and the coordination of services related to juvenile victims of human trafficking.

Task Force Meeting Dates for 2017

- March 31, 2017
- April 28, 2017
- June 22, 2017
- August 4, 2017
- November 3, 2017

Prioritized Objectives

2.2 Support the enhancement of services across the spectrum (in-home and residential). The Task Force has developed a subcommittee with these goals:

- What are the availability of services across the State?
- Are there any barriers to the access of these services across the State?
- How are these services matched to the child/family?
- Which of these services are trauma informed?
- What, if any, are the workforce issues in the delivery of services to children/family?
- Are there statutory/regulatory concerns in the delivery of services to children/family?
- What is the awareness and or training offered with regard to the availability of services across Indiana?

Prioritized Objectives

2.5 Study and evaluate whether “status offenders” should be removed from Delinquency code and moved to CHINS code (in collaboration with Child Safety & Services Task Force)

- Task Force is examining the following:
 - Gathering information regarding other states and how status offenders are being addressed:
 - Contacting Vera Institute, National Conference of State Legislatures, Casey Family Foundation, Annie E. Casey Foundation, National Council of Juvenile and Family Court Judges, National Juvenile Detention Center and the Praed Foundation.
 - Still in exploratory process with goal for Commission recommendations in the fall of 2018.

Prioritized Objectives

2.6 Support funding for innovative and effective youth programming through expansion and increased funding of the Justice Reinvestment Advisory Council and other funding sources

- This objective is related to Objective 2.2 with further analysis being completed upon conclusion of the sub-committee established under item 2.2.

Prioritized Objectives

2.7 Support the on-going efforts of the Commercially Sexual Exploitation of Children (CSEC) workgroup in addressing the identification of exploited juveniles and the coordination of services related to juvenile victims of human trafficking.

- QUICK Indicator cards for law enforcement and health care
- Screening tool for probation officers and detention center staff being field testing in several sites (Allen, Clark, Delaware, Marion & Tippecanoe)
- Assessments for identified youth being completed by DCS

Dual System Youth Project

Service Creation

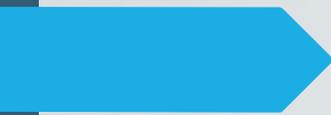

System Gaps

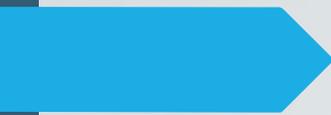

Service Access and Availability Subcommittee Objectives & Timeline

- ▶ **Objective 3.2 and 3.4** – Identify and promote evidence-based and other effective supports and services that reduce youth mental health issues and substance abuse; and support efforts to increase the number of mental health and substance abuse providers; improve service coordination to simplify delivery of services for children and their families
- ▶ **Anticipated Date of Completion**- June 2019
- ▶ **Deliverable** - Provide a report on existing services and recommendations for increasing recruitment

Service Access and Availability Subcommittee Progress Summary

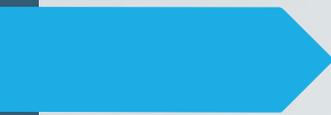

- ▶ The subcommittee has met twice, 6/7/17 and 7/18/17.
- ▶ The group has broken down their objectives into 3 short-term and 2 long-term goals.
- ▶ **Short-term goals**
 - ▶ Identify existing services for which to expand access and availability
 - ▶ Identify ways to integrate and collaborate for continuity of care and to fill gaps in services
 - ▶ Examine barriers to Licensed Mental Health Counselor (LMHC) licensure, including differences between Indiana Code and Council for Accreditation of Counseling and Related Education Programs (CACREP) standards.
- ▶ **Long-term goals**
 - ▶ Address workforce shortage
 - ▶ Address provider shortage

Service Access and Availability Subcommittee Objectives - Continued

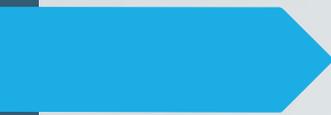

Next Steps

- ▶ Meet on August 15, 2017
- ▶ Follow up on inquiries with DMHA, Indiana Council of Community Mental Health Centers (ICCMHC), and IN Counseling Association
- ▶ Make recommendations on guest speakers for October task force meeting
- ▶ Prepare report of findings by December 2017 and continue to formulate recommendations regarding effective services and supports

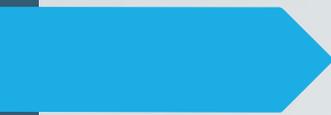

Service Creation Subcommittee Objectives & Timeline

- ▶ **Objective 3.1 and 3.5**
 - ▶ Support development of models to identify youth at risk for substance misuse and mental health issues.
 - ▶ Evaluate the current service array utilization of existing evidence based programs. This would include telehealth, integrative care, and address programs / services that meet the needs of youth that are at risk.
- ▶ **Anticipated Date of Completion-** December 2018
- ▶ **Deliverable** - Provide a report on existing models and recommendations.

Service Creation Subcommittee Progress Summary

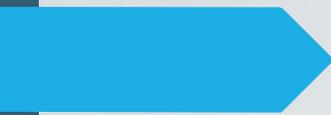

- ▶ The subcommittee has met twice 6/2/17 and 7/21/17.
- ▶ The group received two documents one was a draft list of evidence based programs, curriculums and approaches that are currently being provided through contract with DCS; secondly a list of evidence base addiction prevention programs and the counties they are currently being implemented.
- ▶ IN-BeHAPY – Indiana University was awarded a grant to develop, launch and conduct a preliminary open pilot feasibility trial of the Indiana Behavioral Health Access Program for Youth (IN-BeHAPY) to boost Hoosier families access to quality behavioral healthcare, increase support to primary care clinics, and establish a solid foundation for a program of innovative, externally funded pediatric behavioral health research.

Service Creation Subcommittee Objectives - Continued

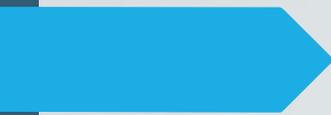

Next Steps

- ▶ Formulate recommendations regarding training and dissemination of evidence base programs
- ▶ Evaluate mobile crisis models in other states and their funding structure
- ▶ Touch base with the other task forces to determine/assess the mental health and substance misuse needs that are being address regarding the development of evidence base programs.

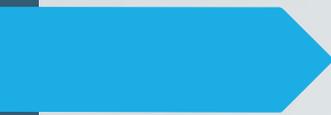

System Gaps Subcommittee Objectives & Timelines

- ▶ **Objective 3.3 and 3.7**
 - ▶ Support effective alternative locations, modalities and treatments for substance abuse and mental health services
 - ▶ Support efforts to ensure access to care / treatment for youth and parents with substance abuse issues, including inpatient, outpatient, and rural coverage as well as services for youth after release from JJ / DYS
- ▶ **Anticipated Date of Completion**- August 2019
- ▶ **Deliverable** - Provide a report on effectiveness of alternatives and gaps discovered and make recommendation of efforts to support

System Gaps Subcommittee Progress Summary

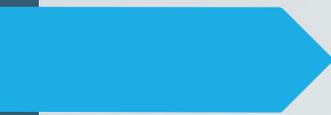

- ▶ The subcommittee has met three times 6/2/17, 7/13/17 and 7/27/17.
- ▶ The group has focused on identifying and providing a “guidebook” of effective evidence-based substance abuse programs to be completed by December 2017.
- ▶ The group has prioritized identifying data resources to aid in identifying and mapping gaps and need across the state for services (Bowen Center/MPH)
- ▶ Data is being reviewed on Health Professional Shortage Areas (HPSAs) and social impact bonds.
- ▶ The subcommittee has identified possible guest speakers for upcoming task force meetings to gather more information before making recommendations.

System Gaps Subcommittee Objectives - Continued

Next Steps

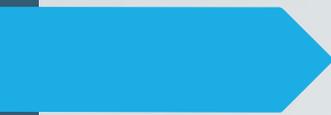

- ▶ Prepare report on effective alternative services, including telehealth and mobile crisis response units
- ▶ Evaluate models in other states and their funding structure
- ▶ Continue to coordinate efforts/support with Indiana Commission to Combat Drug Abuse (ICCDA)
- ▶ Formulate recommendations for task force regarding service gaps and alternative treatment

Mental Health and Substance Abuse Task Force

The Bowen Center

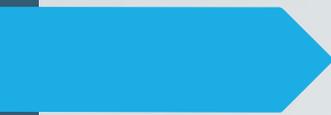

- ▶ Presented at August 2, 2017 task force meeting
- ▶ Detailed data regarding HPSAs, Student Loan Repayment Program, and Opioid best practices of prescribing
- ▶ Data mapping portal in early stages
- ▶ Working to provide task force with data regarding the following:
 - ▶ Practice Acts – statutes that limit the scope of practice
 - ▶ Other states' approach to implementing required workforce data collection/surveys (Indiana does not currently require this which limits responses)
 - ▶ Other states' continuing education requirements for physicians/physician assistants relating to the opioid epidemic (Indiana has no continuing education requirement)

Mental Health and Substance Abuse Task Force The Bowen Center - continued

Summary of Policy Recommendations

1. Require licensure surveys to improve efficiency in health workforce data collection process and quickly identify areas of shortage
2. Implement State Loan Repayment Program
3. Establish an entity to review health professions statute and pilot project proposals (for new delivery or reimbursement models)
4. Ensure prescribers are up-to-date on current best practices for opioid prescribing

Mental Health and Substance Abuse Task Force

Social Impact Bonds and Formularies

Social Impact Bonds

- ▶ Data is available detailing programs, domestic and international, that are funded by private investors

Drug Formularies

- ▶ Drug formularies are option for states to combat rising costs associated with prescription pain medications
- ▶ Texas, Washington, North Dakota, and Ohio have established some degree of formularies or preferred drug lists for workers' compensation
- ▶ More states are beginning to see a savings and decrease in the abuse of prescription pain medication
